

Our goal is to keep your website running smoothly and efficiently. We offer ongoing care plans for the health of your website, so you can spend time focusing on your business.

Website Care Plans

Maintenance plans to preserve and protect your WordPress websites

Core Services

Core Software & Plugin Updates

We review and manage WordPress core software, plugin and theme updates to ensure your site stays updated and secure.

Daily Secure, Off-site Cloud Backups

We manage automatic backups of your website files and database files, which are stored on a secure, off-site server.

WordPress Training Tutorials

We believe in empowering our clients, and are happy to offer videos to walk you through your new website dashboard.
